Magnificent Croatia!

Unforgettable events for your guests

“According to a legend when God created the Earth, he took out his treasure from a big sack and gave it to each place on Earth. But when Croatia's turn came, the bag burst and all the treasures poured out onto the Earth. And God did not take them back. Since then Croatia has all the most beautiful things that God has created.”

Mediterranean climate with warm summers and mild winters makes Croatia an attractive destination all year round. Ten sites in Croatia are under the protection of UNESCO. There are eight national parks, 11 nature parks, and many other examples of an outstanding cultural and natural heritage.

The country is also investing heavily in security which is another of its great advantages.

- **ECOLOGICAL OASIS OF EUROPE**

Nature itself has already opened the way, particularly in the coastal area, with natural aromatherapies whose beneficial effect is felt during a walk along the trails of stimulating blend of Mediterranean vegetation: lavender, rosemary, cypress trees in extraordinary clean air and mild climate.

- **CLEAN WATERS AND SEA**

There are steep cliffs that drop you into the deep blue and crystal clear sea and coves that you can reach only by boat as well as a great variety of beaches.

- **RICH CULTURAL AND HISTORICAL HERITAGE**

You can immerse yourself in the history and culture of old cities or find places tucked away that are private and remote offering complete relaxation.

- **CHEERFUL, HOSPITABLE AND CHARMING PEOPLE**

The image shows the exterior of the Convention Centre Šibenik. The building's facade is a prominent feature, consisting of a white, intricate geometric lattice structure that covers the upper portion of the building. Below this lattice, a wide, light-colored horizontal band contains the text "CONVENTION CENTRE ŠIBENIK" in a dark, sans-serif font. The ground floor is dominated by a large glass entrance with multiple glass doors and windows, reflecting the sky and surrounding environment. The foreground is a paved plaza with several rectangular light-colored tiles. To the right, there is a small landscaped area with green grass, a few small trees, and a tall, thin cypress tree. The sky is a clear, bright blue.

DALMATIA

The city of Split is located in Central Dalmatia and is the main city in this sub-region, which is attractive because of its diversity - islands, the coast and the interior. All of them together and each of them separately are striking because of the beautiful nature, the quality services, and the opportunity to hold your business meeting, conferences or incentives in a stimulating environment that has found the right balance between business and pleasure.

Split is a region of interesting sights, the foremost of which, of course, is Diocletian's Palace in the city itself and the old center of the neighboring Trogir town. Both of these sites are on the UNESCO list of World Heritage Sites.

Especially prominent in the development of the MICE industry are Šibenik, Zadar and the coastal towns such as: Makarska and Brela. The central Dalmatian islands are on the list of the most attractive destinations in the world. In the summer they attract businessmen and international celebrities who want to enjoy the beauties of the Adriatic Sea, the seafood specialties and peaceful vacation.

KVARNER

Kvarner - a region that energizes with its natural contrasts, from the forested Gorski Kotar to its coastline and large islands (Krk, Cres, Lošinj and Rab). Kvarner simultaneously ennobles with the “imperial” refinement of Opatija and inspires with the unconventionality of Rijeka.

This is a region of complementary opposites that offers you an entire array of activities and experiences for proper rejuvenation - from walking and biking across the beautiful island or mountain routes to fishing and even race-car driving.

Beautiful palaces, galleries and museums, traditional and boutique hotels, but also mountain tops with stunning views of the open sea can prove to be the ideal location for your meeting, presentation or event.

Gastronomic delicacies, wine from the island of Krk, and the cultural and music scene will additionally “spice up” your program, and the diversity and openness of Kvarner and its people will revitalize and inspire you.

When it comes to conferences, Opatija Riviera has always been a leading destination in Croatia. Thanks to its extremely favorable geographical location near Central Europe's large cities, closeness to major airports and traffic routes, and well-developed hospitality industry, organizing conferences on the Opatija Riviera is both a practical choice and a logical business move.

Over the last few years, the largest number of conferences and seminars have been held precisely in Dubrovnik, thanks to large experience in this tourism segment, marvelous service, and the city's cultural and historical heritage.
